PROVEN. PREFERRED.

A PROVEN AND PREFERRED CANBERRA-GROWN SUCCESS.

A passion for exceeding client expectations and delivering high quality managed service solutions has made the Citadel Group Limited (CGL) one of Canberra's largest home-grown success stories. In 2009, CGL was announced by leading business magazine BRW as Australia's third fastest growing company, with a three-year average growth rate of 247 percent. This year CGL is set to achieve annual revenues around \$65 million.

With around 300 staff, CGL is a significant local employer and has extended its portfolio into Brisbane, Melbourne and Sydney. Companies within the group include amongst others JBS, ServicePoint, Frontier Recruitment and Gibsons. CGL provides strategy development, recruitment, nationally accredited training, contracting, management consulting, integrated communication solutions and outsourced managed services.

CGL's Managing Director Dr Miles Jakeman attributes the group's success to the CGL teams' hard work, commitment and strong desire to exceed client expectations.

"Our experienced staff work closely with clients to define their requirement, source appropriate people, implement practical solutions, and provide ongoing support so we always achieve the best outcomes," Dr Jakeman said.

For further information on CGL and how they might be able to assist your organisation, call 6162 1149 or visit www.citadelgroup.com.au

Organisations acknowledged in the ActewAGL Canberra Times Business Success Series award will be presented with their Certificates of Recognition at the Canberra Business Council Gala Annual Dinner.
